ABOUT

The YWRC Women & Art Exhibit showcases visual and written works of local female-identified and non-binary creatives. This show emphasizes the intersectionality of efforts within the gender equality and feminist movements. Artists and writers have expressed their personal experience and acknowledge the varied struggles girls and women from different ethnic, cultural, economic and social backgrounds encounter, mirroring many challenges often faced by YWRC clients.

YWRC Women & Art Exhibit is in collaboration with the Des Moines Art Center, whose exhibition *In the Spirit of Louise Noun* is currently on view. Works selected for the *Noun* exhibition are meant to further conversations young women have at the YWRC about body image, self-esteem and reproductive health. Details can be found at www.desmoinesartcenter.org.

YWRC Women & Art Exhibit is part of the YWRC's 40th Anniversary Event Series. Monthly events acknowledge the history of strong local women, discuss challenges presented to today, and look ahead to our vision of the future. Details can be found at www.ywrc.org/40th.
