@YWRCAmbassadors

The Young Women's Resource Center is a non-profit organization that supports, educates and advocates for girls and young women ages 10-21. We define 'girls and young women' as any persons who have been socialized and/or identify as female. Trans and nonbinary friends are welcome. Through small groups and individual support, the YWRC provides programming for all young women, no matter what they may be going through.
